

**Oxford University  
Biological Society**

**Prof. Anne Rosser**

Professor of Clinical Neuroscience, Cardiff University

**Dr. Antonia Hamilton**

Leader of the Social Neuroscience group, Institute of Cognitive Neuroscience, UCL

**Dr. Aubrey de Grey**

Biomedical gerontologist: Chief Science Officer of the SENS Research Foundation

**Dr. Ben Collen**

Ecologist: reader in Biodiversity, UCL

**Dr. Ben Goldacre**

Author, Bad Science, Bad Pharma: Senior Clinical Research Fellow, University of Oxford

**Dr. Beulah Garner**

Senior Curator, Coleoptera, NHM London

**Carley Waterman**

Pangolin Technical Specialist, Zoological Society of London

**Dr. Chris Holland**

EPSRC Early Career Fellow and Leader, Natural Materials Group, University of Sheffield

**Dr. David Hone**

Lecturer at Queen Mary, University of London, specialising in dinosaurs and pterosaurs: writer

**Prof. Sir David Baulcombe**

Regius Professor of Botany, University of Cambridge: Royal Society Research Professor

**Prof. David Beerling**

Director of the Leverhulme Centre for Climate Change Mitigation, University of Sheffield

**Prof. David Reznick**

Professor of Biology, University of California

**Dr. Elizabeth Murchison**

Reader in Comparative Oncology and Genetics, University of Cambridge

**Prof. Robert Foley**

Leverhulme Professor of Human Evolution, University of Cambridge

**Dr. Frank Ryan**

Theoretical evolutionary biologist: Honorary Senior Lecturer, University of Sheffield

**Dr. Garrett Hellenthal**

Population geneticist

**Prof. Jasmine Fisher**

Associate Professor of Systems, University of Cambridge: Senior Researcher, Microsoft

**Prof. Jennifer Clack**

Emeritus Professor of Vertebrate Palaeontology, University of Cambridge

**Dr. Lewis Wolpert**

Developmental biologist and author

**Louise Tomsett**

Senior Curator, Mammal Collection, NHM London

**Prof. Mark Caulfield**

Chief Scientist, Genomics England

**Prof. Nessa Carey**

Visiting Professor, Imperial College London: author

**Dr. Nick Lane**

Biochemist and author

**Prof. Dame Ottoline Leyser**

Professor of Plant Development, University of Cambridge: Director of Sainsbury Laboratory

**Sir Paul Nurse**

Awarded 2001 Nobel Prize in Physiology or Medicine: former President, Royal Society

**Prof. Cathie Martin**

Department of Metabolic Biology, John Innes Centre

**Prof. Ian Judson**

Team leader, Institute of Cancer Research

**Richard Deverell**

Director, Royal Botanic Gardens Kew

**Prof. Richard Phillips**

Leader, Higher Predators & Conservation Group, BAS Core Science Ecosystems programme

**Prof. Lord Robert May**

Professor of Zoology, University of Oxford; former President of the Royal Society

**Prof. Robin Dunbar**

Professor of Evolutionary Psychology, University of Oxford

**Dr. Sally Cowley**

Head, James Martin Stem Cell Facility, University of Oxford

**Prof. Sir Rory Collins**

Head, Nuffield Department of Population Health; BHF Professor of Medicine and Epidemiology

**Sir Tim Hunt**

Awarded 2001 Nobel Prize in Physiology or Medicine

**Prof. Steve Jones**

Geneticist; Senior Researcher and Fellow, UCL; Fellow of the Royal Society

**Prof. Tim Birkhead**

Professor of behaviour and evolution, University of Sheffield

**Prof. Tim Coulson**

Professor of Zoology and Associate Head of Department, University of Oxford

**Prof. Valerie Beral**

Professor of Epidemiology; Co-director, Cancer Epidemiology Unit, University of Oxford

**Prof. Wolf Reik**

Professor of Epigenetics, University of Cambridge
